

John Ross would like to welcome you to Cromal Bank. The large new house is situated above Macleod's Organic Farm on the outskirts of the pretty and historic village of Ardersier and has tremendous views over the Inner Moray Firth towards the Black isle in the west and towards Loch Ness to the South.

Sited between Inverness and Nairn we are an ideal location for touring the whole of the North of Scotland. Skye in the west and Aberdeen to the East are only a couple of hours away.

Sunset from the Balcony

What can one say... the view is continually changing - from glorious dawns with thousands of Pinkfoot Geese flying over to amazing sunsets with Swallows, Swifts and Martins (and Bats too!) catching their supper.

Sometimes the four Seasons in one day!

Breakfast is included and consists of "Continental" .. tea or coffee, cereals, toast, marmalade, jam, yoghurt, cheeses, etc

I'm afraid no cooked breakfasts are available.
